PREFACE

It may be recalled that the International Trade and Finance Division of the United Nations Economic Commission for Africa (ECA) in 1979 published the First Directory of Chambers of Commerce, Industry, Agriculture and Mines of ECA Member Countries. The last revised edition of the same Directory was published in June 1985 following the establishment of the Federation of African Chambers of Commerce (FACC) and in conjunction with the Organization of African Unity (OAU) Fourth All-Africa Trade Fair.

As interim secretariat of the FACC, the International Trade and Finance Division (ITFD) had undertaken a number of activities. Recently ITFD, on behalf of FACC, published an "African Trade Directory" for selected African countries namely: Malawi, Tanzania and Zambia.

This edition of the Directory of Chambers of Commerce, Industry, Agriculture and Mines of African countries is being published in association with the Federation of African Chambers of Commerce and in accordance with the decision taken by the Governing Council of FACC at its Extraordinary Meeting held in Addis Ababa, Ethiopia from 10 to 11 July 1987. Information contained in this issue was compiled from various African national publications and through correspondence with the Authorities of the African Chambers of Commerce. The lack of adequate trade information continues to be one of the major causes hindering the development and expansion of intra-African trade. It is therefore, hoped that this Directory will serve to fill up the gap in trade information.

FEDERATION OF AFRICAN CHAMBERS OF COMMERCE
FEDERATION AFRICAINE DES CHAMBRES DE COMMERCE

I. BACKGROUND

1. The First Symposium of Presidents and Secretaries-General of African Chambers of Commerce on the Promotion of Intra-African Trade in the light of the Lagos Plan of Action and the New International Development Strategy, was organized jointly by the United Nations Economic Commission for Africa (ECA) and the Association of African Trade Promotion Organizations (AATPO) from 16 to 20 June 1981 in Addis Ababa, Ethiopia.

2. The Symposium aimed at providing a forum for Presidents and Secretaries-General of Chambers of Commerce to exchange their views and experiences on problems and prospects of intra-African trade and the strategy to be adopted by them within the context of the Lagos Plan of Action which inter-alia recommended the strengthening of existing African Chambers of Commerce, the creation of Chambers of Commerce wherever they do not exist, the establishment of subregional associations of Chambers of Commerce and a Federation of African Chambers of Commerce.

3. It was against this background that participants at that Symposium agreed on a programme of action covering various points, including co-operation agreements between chambers, the setting up of subregional chambers of Commerce and the creation of a Federation of African Chambers of Commerce (FACC) by 1985 as provided in the Lagos Plan of Action. To that end, it was decided that ECA and AATPO should convene a meeting of African Chambers of Commerce in 1982, in Zimbabwe to work out the modalities and mechanisms for the establishment of FACC. The Symposium also called on the two Secretariats, with the assistance, as required, of other competent international organizations, to submit proposals to that effect.

II. MEASURES FOR THE IMPLEMENTATION OF THE DECISIONS TAKEN AT THE FIRST SYMPOSIUM

4. In line with the recommendations of the First Symposium, ECA and AATPO jointly organized a follow-up meeting of Presidents and Secretaries-General of African Chambers of Commerce in Harare, Zimbabwe in May 1982 to work out mechanisms and modalities for the establishment of the African Federation of Chambers of Commerce. The meeting, which was attended by participants from eighteen African countries, considered the draft constitution prepared by the ECA Secretariat and appointed an ad hoc Committee with the following mandate:

(a) Finalization of the draft Constitution;
(b) Consideration and finalization of the organizational structure and the budget of the Federation;
(c) Consideration of criteria for the selection of the headquarters of the Federqtion;
(d) Drafting of the rules of procedure.

5. On the basis of the above, the ad hoc Committee composed of Egypt, Ethiopia, Gabon, Nigeria and Zimbabwe met in Addis Ababa in November 1982 and adopted the Draft Constitution, Rules of Procedure of the General Assembly, the structure and budget of the Federation's secretariat. These documents were considered and adopted by the Presidents and Secretaries-General of the African Chambers of Commerce during their Cairo meeting held from 31 October to 4 November 1983. This meeting also adopted the "Cairo Declaration of Intention," giving the ECA Secretariat the mandate to convene a meeting of Plenipotentiaries for the signing of the Constitution and the formal establishment of the Federation of an African Chambers of Commerce.

6. Much progress was achieved since the 1981 Symposium. In Central Africa, the Chambers of Commerce of Cameroon, Congo, Central African Republic, Gabon, Tchad and Zaire established a Federation of Central African Chambers of Commerce and Industry in October 1982.

III. ESTABLISHMENT OF THE FEDERATION OF AFRICAN CHAMBERS OF COMMERCE

7. Pursuant to the Cairo Declaration of Intention, ECA organized a meeting of Plenipotentiaries which was held in Addis Ababa, Ethiopia from 17 to 19 September 1984. This meeting was attended by Algeria, Benin, Burundi, Cameroon, Central African Republic, Chad, Comoros, Congo, Djibouti, Egypt, Equatorial Guinea, Ethiopia, Gabon, Guinea, Guinea-Bissau, Mali, Niger, Nigeria, Senegal, Sudan, Tunisia, Zaire, Zambia and Zimbabwe. This was, thus, considered the inaugural meeting of the General Assembly on the establishment of the Federation of African Chambers of Commerce.

8. The ceremony for the signing of the Constitution of the Federation of African Chambers of Commerce took place at Africa Hall, the headquarters of ECA on 18 September 1984 in the presence of Comrade Wolle Chekol, Member of the Central Committee of the Workers Party of Ethiopia and Minister of Foreign Trade of Socialist Ethiopia and Professor Adebayo Adedeji, United Nations Under-Secretary-General and Executive Secretary of the Economic Commission for Africa.

9. At the ceremony, Heads of delegations of the countries in attendance deposited their instruments of accession and /or signed the Constitution. It was also agreed to allow the Federation of Central African Chambers of Commerce to take advantage of the solemn signing ceremony to deposit its Constitution with the Executive Secretary of the United Nations Economic Commission for Africa. Therefore, twenty four countries, having signed the Constitution, the Federation of African Chambers of Commerce was declared legally established effective 18 September 1984, one year before the time stipulated in the Lagos Plan of Action. At the same meeting, the meeting, unanimously accepted the offer by the Egyptian Federation of Chambers of Commerce that Cairo be the headquarters of the Federation of African Chambers of Commerce.

IV. DEVELOPMENT IN ACTIVITIES OF THE FEDERATION OF AFRICAN CHAMBERS OF COMMERCE

10. Soon after the official establishment of FACC, the General Assembly, in accordance with Articles 7 and 8 of the Constitution, elected the following as Officers of the Federation:

Chairman	- Nigeria
1st Vice-Chairman	- Ethiopia
2nd Vice-Chairman	- Zimbabwe
3rd Vice-Chairman	- Zaire
4th Vice-Chairman	- Algeria

11. The other members of the Governing Council elected were: Benin, Burundi, Central African Republic, Djibouti, Mali, Sudan, Tunisia and Zambia. The meeting also considered the draft programme of Action for the first phase of operation of the Federation and appointed the ECA Secretariat to act as an interim secretariat of the Federation for the period ending in June 1985. During the interim period, it was agreed that ECA should prepare a draft medium-term plan, a draft budget, job descriptions for the posts to be advertised and to liaise with the Officers of the Federation for the signing of the Headquarters' Agreement and to campaign for more signatories of the Constitution.

12. The Third meeting of the Governing Council of the FACC was held in Cairo, Arab Republic of Egypt, from 17 to 18 March 1986 followed by the First Ordinary Meeting of the General Assembly. The General Assembly, which was also convened in Cairo, from 19 to 20 March 1986, decided that:

(a) The proposed Medium-Term Plan as contained in ECA document E/ECA/TRADE/21/Rev.1 and which highlighted yearly programmes of the Federation in the field of trade information, trade promotion, trade and investments financing, trade facilitation, training and technical assistance be implemented;

(b) Direct business contacts and joint ventures between African business entrepreneurs be promoted. To this end, the meeting appointed a Sub-Committee composed of delegates from Chad, Congo, Egypt, Ethiopia, Nigeria, Senegal and Tunisia with a mandate to prepare concrete recommendations on ways and means of expanding and strengthening business relations between African business entrepreneurs within and outside the Federation of African Chambers of Commerce.

13. The Sub-Committee, which worked under the Chairmanship of Senegal, made the following conclusions which were adopted by the General Assembly:

(i) Efforts to disseminate available information be stepped up with a view to increasing African entrepreneurs' awareness of business opportunities and conditions in member-countries;

(ii) Bilateral as well as multilateral contacts and agreements in all forms should be sought to build up confidence and promote mutual understanding;

(iii) National Chambers of Commerce should channel to the Secretariat of the Federation basic information such as codes of investments, Trade laws and regulations, business practices, lists of commodities with export potentials, lists of imports, lists of exporters and importers, lists of projects and ideas of projects requiring external partnership;

(iv) Meeting of the Federation should be rotating and they should be preceded or followed by business forums and contacts at the venues of the meetings;

(v) The establishment of twin-Chambers of Commerce should be encouraged as a means of providing formal frameworks for bilateral co-operation;

(vi) Exchanges of trade missions are recommended;

(vii) Areas of possible joint ventures of complimentarity between individual business enterprises should be identified and the creation of joint enterprises encouraged;

(viii) Participation in meetings of the Federation, as observers, should be open to the maximum number of prominent business entrepreneurs in addition to the official delegations of member-Chambers of of Commerce;

(ix) Participation in national, sub-regional and regional Trade Fairs should be encouraged.

14. The General Assembly adopted the 1986 budget of 150,000 US dollars for a period of 9 months running from 1 April to 31 December 1986 as recommended by the Governing Council at its Second Meeting held in Cairo from 6 to 7 May 1985. A scale of assessed contributions was adopted based on significant economic indicators reflecting activities to be promoted by the Federation and member countries' ability to pay contributions to international organizations as shown in Table 1. A mandate was also given to the United Nations Economic Commission for Africa to officially advise member-States and National Chambers of Commerce on contributions should to be paid before 30 June 1986 to enable the Federation to start its activities by 1 July 1986. To this end, African Governments were invited to provide the necessary assistance to their National Chambers of Commerce for payments of the subscriptions in US dollars.

15. The first Extraordinary meeting of the Governing Council of the Federation of African Chambers of Commerce was held in Addis Ababa from 10 to 11 July 1987. The meeting noted that only Algeria, Chad, Ethiopia, Senegal, Togo and Tunisia had paid their membership dues, while Cameroon, Egypt and Nigeria had expressed their intentions to pay. The total amount of contributions received up to 10 July 1987 was only about 38,000 US dollars or nearly 26 per cent of the assessed budget.

16. The Extraordinary meeting after extensively deliberating on collection of contributions to the budget, nevertheless selected Dr. Muhamat H. Muhamat to be the first Secretary General of FACC and decided that:

(a) A strong appeal should be made to member Chambers who had not done so to pay their assessed contributions immediately;

(b) ECA should assist in identifying and approaching national, regional and international organizations willing to support the Federation, with a view to requesting them to assist the Federation through donations and grants;

(c) The Secretary General of the Federation and the Executive Secretary of ECA should, through the Secretary General of the OAU, amke an appeal to all OAU member Governments for financial assistance to the Federation;

(d) The first budget year of the Federation should start from 1 July 1987. Payments already received would be counted as subscriptions for the period 1 July 1987 through 30 June 1988;

(e) The Secretary General of the Federation and the ECA Executive Secretary, should seek observer status of the Federation in OAU meetings;

(f) The Secretary General-elect be appointed as of 1 July 1987;

(g) The Secretariat of the Federation of African Chambers of Commerce be temporarily accommodated within the ECA premises from where it could start the immediate activities of the Federation;

(h) A Regional African Trade Directory should be published under the auspices of the Federation. ECA was given a mandate to finalize the matter with the publishers and the Secretary General, through ECA, should sign the necessary contract;

(i) The Secretary General should actively take part in ECA trade promotion activities and other related activities such as the national, sub-regional and regional Trade Fairs. In particular, the Secretary General should take part in the forthcoming OAU Fifth All-Africa Trade Fair to be held in Zaire in 1988 with a view to using it as a forum to increase the African business community's acquaintance with the Federation;

(j) The Secretariat of the Federation should embark on publishing a periodical with the main objective of launching the activities of the Federation and increasing awareness of its existence.

V. CONCLUDING REMARKS

17. The Federation of African Chambers of Commerce was formally established in 1984 and today, twenty seven of the 50 member Countries of the ECA are members of the Federation. However, the effective launching of the Federation's operational activities, were hampered by the lack of resources. Moreover, up to now no agreement has been reached on the finalization of the Headquarter's arrangements with the Egyptian authorities. If the FACC is to operate as a viable entity, adequate financial resources have to be contributed to the budget and steps be taken by the host Government to accommodate the Secretariat and grant the required facilities. The ECA Secretariat has repeatedly urged the national Chambers of Commerce to support the Federation by massively joining it and paying their contributions. But no significant progress has been achieved. It is now urged that African governments should assist their national Chambers of Commerce in easing transfers of their assessed contributions in hard currency.

18. There is general agreement that the Federation of African Chambers of Commerce is an important instrument in fostering trade and economic cooperation for collective self-reliance in this continent through, inter alia: (a) the establishment and operation of a trade and investment information system linking its members; (b) promoting direct business contacts and joint business ventures; (c) the organization of trade and investments forums along with trade fairs, exhibitions and trade missions; (d) the formation of trade and investments financing mechanisms including export credits and insurances; and (e) the backing of trade facilitation schemes such as transit agreements and alignment of documents. A strong political commitment to the Federation and concrete assistance through its members will help shorten the way to economic integration and development. This is in the interest of African Governments.

19. In this competitive business world, there is no place in foreign markets for non competitive small enterprises as they exist in most African countries. Moreover, the magnitude of resources necessary to build up competitiveness through economies of scale calls for cooperation among African business enterprises and their organizations (national Chambers of Commerce) beyond the existing national boundaries. The future of African indegenous business entrepreneurs, if they are to expand and prosper, lays in such a cooperation. It is therefore in the interest of African businessmen and their Chambers of Commerce to promote the Federation as a tool for that co-operation.
